

## A Day to Give Thanks

Calgary, Canada

Tuesday, 15-Oct-19

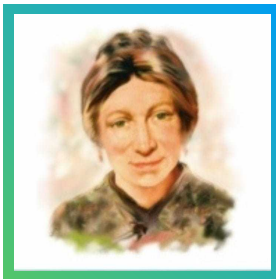

Today, 14th October, [the Chapter](#) had an experience of a Canadian Thanksgiving. Thanksgiving is a national holiday that is family-centred and largely non-commercialized. We give thanks to God for all that we have received: our country, the land, loved ones near and far ... We express gratitude to each other recognizing the gift that they are in our lives.

Thanksgiving Day is a day when everyone who is grateful belongs; it is an opportunity for people of all faiths and no faith, of all backgrounds, of all political agendas to be united in saying: Thank You.

Thank you too to those who are reading this ... who are supporting us with their prayer.
